Bacteria

The importance of _____ their hands
_____ a meal is emphasised to small children
as a way of keeping _____. But do you ever
think about germs and _____? It is true that
some bacteria, and other micro-organisms, can cause
_____ problems, but most bacteria are not
especially harmful. In fact, without bacteria, there would be
no life on Earth as we know it.

Bacteria that live in soil break down, or decompose, the
remains of dead plants and animal _____.
In the _____, the bacteria make
_____ substances
_____ to be used by living plants as they
grow. These pass to the animals that eat the plants. Of
course the bacteria do not do this to be helpful; it is just the
way they obtain the energy they need to
_____.
